

Support for Schools

Each participating team is provided overnight lodging Friday night, and Friday evening dinner, Saturday breakfast, lunch, and afternoon snack. Teams are responsible for their own transportation. There is no registration fee. Practice Buzzer questions, sample Team Challenge Questions, rules, and a list of suggested resources are available on the NOSB website. The regional coordinator will provide any of these if a school is unable to access them from the NOSB website. The regional coordinator provides resources as available to teachers; there are also some resources and a practice buzzer system that may be borrowed.
